Take pride in everything you do – If it is worth doing, do it to the best of your ability every time.

Place the TEAM ahead of yourself.

Control what you can control and let the rest go – You can control effort, preparation, attitude, and hustle. Control the heck out of the things you can.

At all times you must act with CLASS – especially when things are not going the way you want.

Be a good teammate – Support, encourage, watch out for, and pull for your teammates, even if they play the same position as you.

When it is time for baseball put everything else away – Focus, concentration, dedication to improvement. During baseball season, make baseball a priority.

Communicate – Discuss questions, issues, and/or concerns with your coach in a positive, mature manner.

Stay positive – It is a great game, even if things don't go your way all of the time.

Understand the rules of the game – there is always something to learn.

Play the game of baseball the way it was meant to be played – always hustle, be classy, be humble, and play aggressive. Approach the game, the opposing team, the officials, and all coaches with great respect.

Be honest with yourself – if you are injured, don't put yourself at risk of getting hurt even worse.
